I'm not

I can't... Please...

What's
the

What

Shh...

Will
there
be even
one
good
thing
waiting
for
us?!

So we
do live
through
this...

Kanon

But

I
don't

I mean...
you can't me
become
friends!

There
was one
good
thing
here!

I am

They're
all sleep-

into the
city...

The
strange

There
is...

Can we dare to promise those children...

...that more difficult times might be waiting for humanity.

As time goes on...

...that's we also to have been born in, from the prison of their hearts?

...that we can make a world...

How time for some grass?

Yeah?

That's exactly why we're working our asses off! Right, guys?

What're you waiting for, Vice Principal?

We'll be waiting for you to come home! Always!

It's just us three again, huh...

Good...

Yes...

Why can't this place trip be just one day?

Let's see, we need to go...

Yeah, there's still survivors in Shibuya.

Let's

This is

Good!
They're

So we'll

to walk on

Well,
we know

is...

It's fine!

Maria
Tsubu-

After she was
dispatched
to Tokyo,
there was a
malfunction
in her suit.

she

it's a
lethal
"bug."

...Jen's to
clean up
radiation.

Our duty
is the
Cleanup
Gens...

A bug
...

Those
are our
orders from
our dear
school.

It's to
clean
up any
defective
Coppelion.

We'll capture
Mara
Tsururaya

And get
her to spill
everything
she knows.

It's
impossible!

We don't stand a
chance against
her, no matter
what weapons
we—

But she
turned those
buildings
into rubble!

Capture
her!!

Canon it.

The Shogun's
branch ain't
far from
here.

They said
Shogun
Bran, ain't they?

Hyahaaa!

idea,
Kanon?

We're the
Medical
Unit—
we're here
to deliver
people,
not fight!

Get in
our way
and we'll
beat you
down!

It's not
like we're
allies
now!

But how
the heck
do you
plan to
do it?

You said
you're
going
capture
Hana
Tachibana
ya...

You wouldn't fire them in the city, right?

These needles...

You're sending somebody what I'm thinking, Naruse.

...the power she released yesterday?

You remember her...

That's right...

And Ruka...

...was just the thing Tsubura-ya?

Overcome that energy...

We've
arrived

over
that

100
meters
south
of us.

I sense
three
humans.

Damn...
they're
not
moving!

What's
up
Harold?

We
never
got to
that map.
I can't
feel too
sure
because
of their
noise.

Phase 1 [Investigate Promenade]

Here
Tsuburaya's
house
ground...

'She'll
send more
stockpiles
after us if
she finds
us.'

—And take
every
survivor
in the
under-
ground
vaults.

No
we'll take
the Astro
Promenade
to Shinto
Park...

I'm Jason,
governor
of the
Shibus
school.

We had
a falling
out.

Stuff
happened.

Well
...

Shibus
is up?

Yes,
half a
year
ago.

So
your
mom
must
split
into
one
in
Shibus
and
one
in
Shibus?

A falling
out?

And the
winners
will take
every
thing.

One 10
people in
a room
together
and they'll
split
into two
groups
and fight
before
long.

But
that's
how
people
are
after
all.

It's Mr. Ashmon.

Um... huh? What was your name?

Ashmon...

To-Thank you Mr. Ashmon.

What
could
it?

That
thing
must
be
around
the
cave
top...

Thank
God! I
thought
you
abandoned
us!

Oh!
Light!

You
were
the
ones
who
ran
off
without
us,
clumsies.

Ahah
and
it's
dark!

Where
are
we?
Huh?

It's coming from the vault.

It's blood.

What's that?

Where's this red coming from?

Oh, no...

But whose is it?

...

It's ugly... looks like it's been here for about two weeks.

I'm gonna meet it now.

HI KREEEEE
